## **McNees Wallace & Nurick LLC Named 11th in Best Places to Work**

HARRISBURG, PA (December 4, 2017) – McNees Wallace & Nurick LLC was named the 11th Best Places to Work for 2017 in the Large Company category and is the firm's 15th year being named to the list. The announcement was made at a dinner at the Lancaster County Convention Center on Thursday, November 30.

The survey and awards, hosted by the Central Penn Business Journal (CPBJ), was designed to identify, recognize and honor the best places to be employed in Pennsylvania, benefiting the state's economy, its workforce and businesses.

The CPBJ, in partnership with Team Pennsylvania Foundation, the Pennsylvania Department of Community and Economic Development, the Society for Human Resource Management (SHRM) – PA State Council and Best Companies Group, identified the best places of employment in Pennsylvania.

Companies are selected through a twofold scoring evaluation: review of a company's workplace policies, practices, philosophies, systems and demographics; and results of an employee survey to measure the employee experience. Using a formula similar to Fortune's "100 Best Companies to Work for in America," the Best Companies Group scores the workplace practices survey along with the employee survey, and each Best Places to Work candidate is given an overall score.
