

Enservio Announces All-Star Lineup of Speakers for 10th Annual Property Innovation Summit

Thinkers50 guru, Tesla Motors president, bestselling business authors and innovative claims executives, among featured speakers

NEEDHAM, Mass. – February 2, 2016 –Enservio, Inc. today announced an all-star roster of featured speakers for its 10th annual Property Innovation Summit, April 4-6 at the Turnberry Isle Resort in Miami, FL. Last year the invitation-only thought leadership conference brought together more than 150 senior-level property executives from the nation's top insurance carriers for two days of networking and high impact presentations on innovation and leadership.

This year's opening keynote will feature management guru and New York Times bestselling author **Don Tapscott**. Tapscott is a Senior Adviser to the World Economic Forum and Adjunct Professor at the University of Toronto's Rotman School of Management. Considered one of the world's foremost authorities on innovation, Tapscott is listed by Thinkers50 as the fourth most influential business thinker in the world. He has authored 15 books, including "The Digital Economy: Rethinking Promise and Peril in the Age of Networked Intelligence."

"To commemorate our 10th anniversary of hosting the Property Innovation Summit, we have truly pulled out all the stops and built a world-class program which is sure to be our best ever," said Joel Makhluף, Vice President of Marketing. "Our goal is always to present the most compelling event on innovation and leadership in the insurance industry for our executive attendees."

Electric car pioneer Tesla Motors' President of Global Sales & Service and Enservio Chairman **Jon McNeill**, will give attendees an inside look at the innovation machine at Telsa. A recipient of numerous awards for CEO leadership, McNeill co-founded Sterling Collision Centers and grew it from a single store to a 60-store national chain of auto body repair centers before it was acquired by Allstate.

Day 2 keynoter will be extreme adventurer **Alison Levine**, team captain of the first American women's Everest expedition and author of the New York Times bestseller, "On the Edge: The Art of High-Impact Leadership." Levine will be sharing leadership lessons learned from leading teams in severe environments -- from scaling Mt. Everest to skiing the South Pole -- and how these lessons translate to the boardroom.

Other notable speakers taking the stage at Property Innovation Summit include:

World Champion Quarterback, Broadcaster and Entrepreneur **Joe Theismann** will take the stage on Tuesday. A 12-year NFL veteran and two-time Pro Bowler, Theismann played in 163 consecutive games for the Washington Redskins from 1974-1985 and led the team to a victory over the Miami Dolphins in Super Bowl XVII. He won the league's 1983 "Most Valuable Player" Award for leading the Redskins to an NFL-record 541 points and a second consecutive Super Bowl appearance.

Entrepreneur and millennial expert **Michael Parrish Dudell** is the bestselling author of "Shark Tank: Jump Start Your Business," co-authored with billionaire Mark Cuban and the official book from ABC's hit series, Shark Tank. DuDell was named as "one of the nation's leading millennial voices in the business sector" by IBM. He consults with front-runner brands such as American Express, Disney, Kraft, and Visa.

Erie Insurance Vice President, Property & Subrogation Claims **Gary Sullivan** will share insights on his carrier's use of drones, aka, unmanned aerial vehicles (UAVs) and related surveillance equipment to document property claims.

From Assurant Specialty Property, **Alex Punsalan**, Vice President, Property and Casualty Claims, will discuss his carrier's use of the ReStore Payments® platform to provide policyholders a quicker and more convenient means of claim settlement.
