FOR IMMEDIATE RELEASE

RIKER DANZIG OBTAINS GROUP FROM DILWORTH PAXSON

Morristown, NJ (August 19, 2015) – Morristown-based law firm Riker Danzig Scherer Hyland & Perretti LLP is pleased to announce the addition of three partners from Dilworth Paxson in New York. Partner Robert G. Frucht has joined Riker Danzig, focusing his practice on transaction-based corporate and securities law including debt and equity financings involving both public offerings and private placements, negotiated mergers and acquisitions, joint ventures, financing transactions, and general corporate counseling.

Joining Frucht in early September from Dilworth Paxson will be partner Gregory A. Blue, currently the New York Office Managing Partner at Dilworth Paxson, whose practice is devoted primarily to business litigation involving complex financial disputes, and partner Keith N. Costa, who represents creditors nationwide in bankruptcy and insolvency cases, as well as commercial and banking litigation. The three will be resident in Riker Danzig's New York office.

Commenting on the move, Blue explains, "The opportunity to move to Riker Danzig was simply too good to pass up. The firm is committed to building on its long tradition of success in New Jersey by expanding its New York office and Riker Danzig's eagerness to bring in the entire team made the decision an easy one." He added, "I have the greatest respect for the lawyers I have worked with at Dilworth Paxson. They practice law at the highest level, and are professionals in the broadest sense of the word."

Riker Danzig Managing Partner Glenn A. Clark says the team from Dilworth Paxson will bolster Riker's core strengths in litigation, bankruptcy and corporate transactional work. "Bob, Greg and Keith are an exciting addition for us. Their demonstrated areas of expertise mesh with what we have been looking for in connection with our growing New York presence." Clark

added that the additions are in keeping with the Firm's recent growth mode; it has hired 29 attorneys over the past 12 months.
