

## LEXINGTON LAWYER RECEIVES MEDICARE SET-ASIDE CONSULTANT CERTIFICATION

LEXINGTON, Ky. (October 13, 2011) — Marcus A. Roland of the Lexington-based law firm Roland Legal PLLC has been awarded the credential of Medicare Set-Aside Consultant Certification (MSCC) by the International Commission on Healthcare Certification (IHC).

As defined by the IHC, “the Medicare Set-Aside Consultant Certified (MSCC) credential is designed to identify those professionals who work within the workers’ compensation benefit system as either a health care professional, legal representative, or as an insurance claims adjuster, who have achieved specific pre-approved training in Medicare set-aside trust arrangements, and have demonstrated a breadth of knowledge regarding the development and application of the Medicare set-aside trust arrangement process. Additionally, this credential is designed to express to the consumer that the person holding the MSCC credential has agreed to come under the scrutiny of a certifying review board (CHCC), to be peer reviewed, and to adhere to a set of standards governing ethics and professional behaviors.”

A Medicare Set-Aside is an intricate financial arrangement designed to protect the interests of Medicare or Medicaid in workers’ compensation settlements. With his designation, Roland is certified to design, submit and negotiate these arrangements.

To earn the certification, Roland completed 30 hours of training through the University of Florida, passed a pre-certification exam from the university and passed a final certification exam from the International Commission on Healthcare Certification.
