

AM Best is accepting student submissions that provide innovative catastrophe risk solutions to insure against existing risks related to natural and manmade catastrophes (i.e. pandemic, industrial catastrophe, hurricane, wildfire, flood, nuclear). Solutions provided could be new products, incentive programs, private/public partnerships, or in the Alternative Risk Transfer market place, to name a few.

Selected students will participate in AM Best's 28th Annual Review & Preview Conference, scheduled for March 15 -17, 2021. The conference is an invitation-only gathering of insurance executives that provides insight into the most relevant and challenging trends in the insurance industry as well as valuable networking opportunities.

Top Three Submissions

Interview with AM BestTV

Free registration for Review & Preview 2021

The opportunity to present at the conference

Recognition in *Best's Review & AM Best* social media channels

Access to an AM Best Mentor

Academic medal

Criteria for Submission

- Abstracts due Friday, October 2 (approximately 500 words)
- Students may submit as individuals, or as teams of two
- The competition is open to undergraduate and graduate-level students
- If selected, students will be required to submit a ~30 minute PPT detailing their solution to be considered in the second round

Conference Participation

Finalists will:

- Create a pre-recorded session with AMBTv
- Be introduced during the CEO's Welcome Address
- Have access to networking opportunities with top industry leaders
- Gain industry insights via conference content
- Expand professional social network
