

BEST'S NATIONAL SCALE RATING GUIDE – (NSR)

A Best's National Scale Rating (NSR) is a relative measure of creditworthiness in a specific local jurisdiction that is issued on a long-term basis and derived exclusively by mapping the NSR from a corresponding global Issuer Credit Rating (ICR) using a transition chart. An NSR is only comparable to other NSRs within the same country, as denoted by the specific country code suffix (".XX") attached to each NSR, and not across countries; therefore, impairment statistics cannot be compared directly to a national rating. However, since the global rating is assigned as the base for the national rating, impairment rates can be inferred. In cases where one global ICR level maps to more than one NSR level, a Rating Committee will determine which level, in accordance with the mapping, is appropriate given the relative financial strength of the entity to meet senior financial obligations. The ICR to NSR mapping chart and other relevant information can be found in the corresponding criteria titled "A.M. Best Ratings on a National Scale" available on the AMBRS website. In addition, an NSR may be displayed with a rating identifier or modifier that denotes a unique aspect of the opinion.

Weak	ccc.XX	ccc+.XX / ccc-.XX	Assigned to entities that have, in our opinion, a weak ability to meet their ongoing senior financial obligations relative to other national entities.
Very Weak	cc.XX	-	Assigned to entities that have, in our opinion, a very weak ability to meet their ongoing senior financial obligations relative to other national entities.
Poor	c.XX	-	Assigned to entities that have, in our opinion, a poor ability to meet their ongoing senior financial obligations relative to other national entities.

* Best's National Scale Rating Categories from "aa" to "ccc" include Rating Notches to reflect a gradation within the category to indicate whether credit quality is near the top or bottom of a particular Rating Category. Rating Notches are expressed with a "+" (plus) or "-" (minus).

Rating Disclosure: Use and Limitations

A Best's Credit Rating (BCR) is a forward-looking independent and objective opinion regarding an insurer's, issuer's or financial obligation's relative creditworthiness. The opinion represents a comprehensive analysis consisting of a quantitative and qualitative evaluation of balance sheet strength, operating performance and business profile or, where appropriate, the specific nature and details of a security. Because a BCR is a forward-looking opinion as of the date it is released, it cannot be considered as a fact or guarantee of future credit quality and therefore cannot be described as accurate or inaccurate. A BCR is a relative measure of risk that implies credit quality and is assigned using a scale with a defined population of categories and notches. Entities or obligations assigned the same BCR symbol developed using the same scale, should not be viewed as completely identical in terms of credit quality. Alternatively, they are alike in category (or notches within a category), but given there is a prescribed progression of categories (and notches) used in assigning the ratings of a much larger population of entities or obligations, the categories (notches) cannot mirror the precise subtleties of risk that are inherent within similarly rated entities or obligations. While a BCR reflects the opinion of A.M. Best Rating Services, Inc. (AMBRS) of relative creditworthiness, it is not an indicator or predictor of defined impairment or default probability with respect to any specific insurer, issuer or financial obligation. A BCR is not investment advice, nor should it be construed as a consulting or advisory service, as such; it is not intended to be utilized as a recommendation to purchase, hold or terminate any insurance policy, contract, security or any other financial obligation, nor does it address the suitability of any particular policy or contract for a specific purpose or purchaser. Users of a BCR should not rely on it in making any investment decision; however, if used, the BCR must be considered as only one factor. Users must make their own evaluation of each investment decision. A BCR opinion is provided on an "as is" basis without any expressed or implied warranty. In addition, a BCR may be changed, suspended or withdrawn at any time for any reason at the sole discretion of AMBRS.

BCRs are distributed via the AMBRS website at www.ambest.com.
