### Issues & Answers (Advertorial)

- **Accounting and Actuarial Services:**
  - As insurers become increasingly focused on analytics, metrics and internal reporting, roles for auditors and actuaries are expanding. Actuarial and auditing firms share their insights into how they are helping insurers and reinsurers understand and use the expanding wealth of data and financial information.

- **Career Development:**
  - Education, training, information and service providers explain how they are helping insurers find, train and educate people to handle the demanding and sophisticated responsibilities vital to tomorrow’s insurance industry.

- **Programs and Wholesale Business:**
  - Carriers, wholesale distributors and service providers explain how they develop and support today’s expanding range of specialized program insurance offerings and distribution channels.

- **Risk Modeling:**
  - Risk modelers, analytic providers and consultants explain the latest developments in risk modeling, including new types of risk, new risk analysis products and new risk management frameworks.

### Bonus Distribution

- **National Association of Catastrophe Adjusters Annual Convention**
  - Emerging Leaders Conference

- **AM Best’s Review & Preview Conference**
  - Captive Insurance Companies Association Annual International Conference
  - Combined Claims Conference

**A Dive into Data**: A look at how insurers are using data, and the challenges and opportunities that come with its use.

**More than a Storm**: While June is the start of hurricane season, other catastrophes, both natural and man-made, are a focus.

**Leaders**: Many insurers are growing through mergers and acquisitions. We look at recent deals and the new alliances and partnerships that insurers are forming.

**Reinsurance**: The reinsurance industry plays a critical role in risk transfer, but the dynamics of this sector are still facing significant challenges.
