

Best's Statement File – Global

A powerful reference and analytical tool

Best's Statement File – Global

This worldwide ratings and financial database and analysis system provides timely and accurate data on more than 12,000 insurance companies. With historical and quantitative information, the latest Best's Credit Ratings and reports, and a customizable report generator, *Best's Statement File – Global* is a powerful reference and analytical tool.

Use *Best's Statement File – Global* to:

- Research and analyze companies, competitors, peers and markets in extensive detail.
- Access the latest rating and financial data online with *BestLink*® without the need to install any software.
- Monitor rating changes, press releases and news headlines.
- Access 11 years of financial data on over 12,000 insurers worldwide.
- Perform cross-border and comparative analysis.
- Easily graph or download data.
- View information in the currency of your choice.
- Create analysis templates, company lists and ratios.
- Search for data with the query builder.
- Generate custom reports including your own data items and ratios.
- Integrate the latest rating and financial data into your custom research projects using *BestLink for Excel*®, which pulls online data directly into Excel spreadsheets.
- Easily identify insurers and analyze groups with immediate and ultimate parent data, based on A.M. Best's analysis of corporate structures and ownership.

Access information on more than 12,000 global insurers.
