

AMB Credit Reports – Business Professional

AMB Credit Reports – Business Professional are available for thousands of A.M. Best–rated insurers domiciled in the United States. Priced at just \$35 each, these online reports are geared toward business professionals outside the insurance industry and feature the latest Best’s Ratings and analysis on property/casualty, life/health and health insurance companies.

Each report lets you:

- Evaluate an individual insurer’s financial stability, with its latest Best’s Financial Strength Rating, Long-Term Issuer Credit Rating and Security/Debt Rating.
- Research insurers or reinsurers with A.M. Best’s objective commentary, including the Rating Rationale, for the reasons behind the ratings.
- Access colorful charts and tables, which clearly display three years of essential financial data such as Key Financial Indicators, Underwriting Experience and more.
- Target your insurer research by ordering reports only on the companies that are important to you.

Your purchase includes:

- Real-time analysis of a single property/casualty, life/health or health insurance company or group among the thousands rated by A.M. Best
- A real-time report, available online, on the insurer, reinsurer or group of your choice
- 14 days of access to this online report, which can be downloaded and printed by the purchaser for personal use
