

Best's Company Reports®

Best's Company Reports contain the most complete, detailed and up-to-date analysis of any insurance company or group among the thousands rated by A.M. Best. Available in print or online, these reports tell you everything you need to know about an insurer's financial performance and strength.

Each report lets you:

- Evaluate an individual insurer's financial stability, with A.M. Best's expert quantitative and qualitative analysis and the latest Best's Ratings.
- Research a competitor, insurer or reinsurer, including its five-year rating history, management and operating history.
- Access current Rating Rationales, for the reasoning behind the ratings.
- Target your research by ordering reports only on the companies that are important to you.

Backed by A.M. Best's more than 105 years of rating experience, these reports are the only source for the absolute latest financial strength analysis of any rated insurer. Take advantage of our extensive archive of *Historical Best's Company Reports* dating back to 2001.

Best's Company Reports are available in print or online, and can be purchased through *Best's Online Account*.

Your purchase includes:

- A comprehensive, multipage report, available in print or online, on the insurer or group of your choice
- 14 days of access to the online report, which can be printed by the purchaser for personal use
