

BestESP[®] Services

United Kingdom

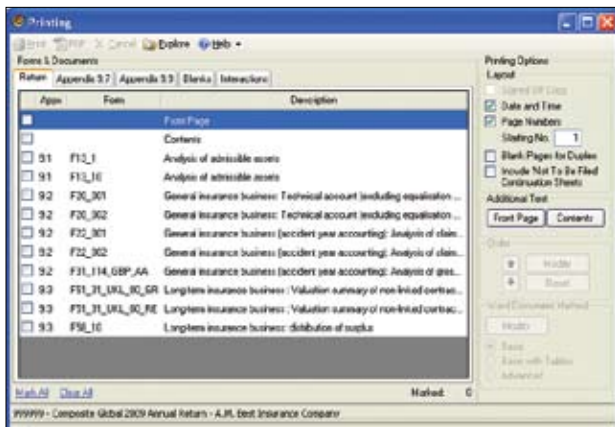

BestESP Services – UK is a complete system for preparing, submitting and printing your regulatory returns according to FSA submission requirements and U.K. Insurance Directorate specifications. The Microsoft Windows-based software package features enhanced data management capabilities, easy migration of data from previous-year filings or data sources and integration with the Microsoft Excel-based Data Builder.

BestESP Services – UK features these and other data management tools:

- **Return Manager** – Set up required return and validation criteria, and display the information in a format that is easily managed and maintained.
- **Data Builder** – Collect external data from Microsoft Excel files for quick and easy entry into *BestESP Services – UK* forms.
- **Reconcile Return** – Perform a reconciliation of data to process each form in the preferred order of completion. Automatically perform interactions, calculate sub-totals and generate summary forms.
- **Validations** – Check the accuracy of data prior to submitting returns by running validations. Whenever data is entered and accepted, all validations for the current form are run automatically to correct discrepancies immediately.
- **Printing** – Numerous printing options enable customized preparation of your returns. You can use data entry screens to print forms, create PDFs and more.
- **Electronic Submission Wizard** – The wizard guides you through the process of submitting your return and creates electronic files that are fully compliant with FSA requirements. EEA forms 91-94 are included with the annual return forms.

Your purchase includes:

- A downloadable installation that includes the software you need to complete your regulatory returns
- Technical Support at no charge
- Free training with the initial purchase
- *Best's Review – Digital*
- *BestWeek Europe Online* at the Full – Online Service level
