The full AM Best report measures domestic premiums of affiliated and unaffiliated U.S. companies and licensed foreign insurers that submitted their 12-month 2025 statutory statement to AM Best Co. by March 17, 2026. 12-month 2025 data are available in AM Best's Global Insurance Database, which is accessible via BestLink for Excel and online.

Because of the limited amount of data in this report, care should be exercised in using it. In general, group totals prepared by AM Best are consolidated results based on the known group's structure as of Dec. 31, 2025. Group totals reflect adjustments for inter-ownership made to assets, policyholder surplus and net income.

Group data may be distorted if one or more members of the group haven't provided a 12-month 2025 statement. Accordingly, no action should be based on this study without first verifying the completeness of the data and any relevant subsequent events. While the data were obtained from sources believed reliable, their accuracy cannot be guaranteed. Please refer to AM Best's other publications where further details are provided.

The information for each company or group in this report includes: Direct Premiums Written (\$000), Net Premiums Written (\$000), Admitted Assets (\$000), Policyholders' Surplus (\$000).

Percent Change. The change is measured from the same period of the prior year.

Direct Premiums Written to Policyholders' Surplus. The premium is for the latest 12 months (01/25 through 12/25).

Gross Premiums Written to Policyholders' Surplus. Direct premiums plus reinsurance assumed premiums for the latest 12 months. Results for companies that pool business with affiliates may be distorted by intercompany reinsurance.

Net Premiums Written to Policyholders' Surplus. The premium is for the latest 12 months (01/25 through 12/25).

Liabilities to Policyholders' Surplus. Total liabilities as reported in the current statement.

Net Leverage. The sum of the two previous ratios.

Net Income to Net Premiums Earned. Percent includes realized capital gains.

Combined Ratio After Dividends. The sum of the loss ratio, the expense ratio and the dividend ratio.
