The full AM Best report measures domestic premiums of affiliated and unaffiliated U.S. companies and licensed foreign insurers that submitted their 12-month 2024 statutory statement to AM Best Co. by March 18, 2025. Annual 2024 data is available in AM Best's Global Insurance Database, which is accessible via BestLink for Excel and online.

Because of the limited amount of data in this report, care should be exercised in using it. In general, group totals prepared by AM Best are consolidated results based on the known group's structure as of Dec. 31, 2024. Group totals reflect adjustments for inter-ownership made to assets, capital and surplus, and net income.

Group data may be distorted if one or more members of the group haven't provided a 12-month 2024 statement. Accordingly, no action should be based on this study without first verifying the completeness of the data and any relevant subsequent events. While the data were obtained from sources believed reliable, their accuracy cannot be guaranteed. Please refer to AM Best's other publications where further details are provided.
