## Analytical Development Program

### ATTENTION:

Finance, Accounting, Economics and Math majors: a unique career opportunity is waiting for you.

[Apply Now](#)

AM Best is seeking ambitious, career-focused college graduates with strong financial aptitude and outstanding people skills to join our Analytical Development Program.

Founded in 1899, AM Best is the world's largest credit rating agency specializing in the insurance industry. Headquartered in the United States, the company does business in over 100 countries with regional offices in London, Amsterdam, Dubai, Hong Kong, Singapore and Mexico City.

**AM Best**

1 Ambest Road  
Oldwick, NJ 08858  
Phone: (908) 439-2200  
[www.ambest.com](http://www.ambest.com)

In the Associate Analyst (AA) role, you will apply your financial acumen, analytical abilities and communication skills while developing strong business relationships and learning to assess the capital adequacy of insurance and holding companies.

Through our formal rotation program—located at AM Best's corporate headquarters in Oldwick, NJ—you will work with multiple business groups and leaders in areas such as:

- **Credit Analysis** – collaborate with AM Best's senior analytical team in the analysis and credit assessment of insurance companies which culminates in issuer credit ratings and financial strength ratings.
- **Data Analysis** – research and calculate key financial data and statistics.
- **Industry Research** – perform industry research (internal and published) and peer analysis within global insurance markets.

### Professional Development

AM Best encourages and supports employees seeking continued education and professional designations.

#### Benefits of the Analytical Development Program include:

- Company-paid pursuit of Chartered Financial Analyst (CFA), Financial Risk Manager (FRM), Actuarial Associateship or Fellowship, Chartered Property Casualty Underwriter (CPCU), and similar
- Flexible study time
- Salary adjustment upon successful exam/designation completion

### Qualifications:

- Bachelor's degree in Accounting, Finance, Economics or Math
- High-energy personality, entrepreneurial spirit, strong work ethic and "can do" attitude
- Solid technical knowledge of Microsoft Office suite
- Excellent analytical and decision-making skills
- Demonstrated organizational skills
- Proficient business writing skills
- Career focused with a drive to succeed
