Armstrong Teasdale Partner Jeffrey Barr Among Nevada's 2022 Top Rank

Armstrong Teasdale announces that Partner **Jeffrey Barr** has been named among Nevada Business's 2022 Top Rank. The annual Top Rank list, formerly known as the Legal Elite, highlights Nevada's top attorneys as chosen by their peers and vetted by a panel of senior attorneys from several firms covering multiple practice areas. The rankings appear in the June issue of Nevada Business magazine.

Barr is a skilled attorney with more than two decades of eclectic legal and crisis management experience. While he focuses his practice on counseling clients in the cannabis and hemp industries with respect to business transactions, commercial litigation, real estate, crisis management and government relations, Barr also has experience with municipal law and has handled civil rights matters for his clients.

He has litigated corporate disputes, contract issues and comprehensive regulatory controversies in the Nevada cannabis industry. Barr has counseled cannabis clients in connection with choosing proposed facility sites; helped clients understand and secure zoning and land use approvals; negotiated and drafted cannabis asset/equity purchase contracts, management agreements, employment agreements, commercial financing contracts, licensing agreements and leases; and managed government affairs on behalf of marijuana clients.

In addition, he has spent his entire career helping clients manage and recover from crisis situations, and has handled appeals before the Supreme Court of Nevada and the Ninth Circuit for clients in all industries.
